1. DEFINITIONS

Multiplier – means an optional feature that gives Players the opportunity to multiply prizes won as a result of the base Quick Draw drawing by one (1) two (2), three (3), four (4), five (5) or ten (10) times (excluding the Jackpot Prize). Prior to each Quick Draw drawing, the Multiplier drawing will occur, which shall result in the selection of the Multiplier number.

2. GAME PLAY

- a. The Multiplier play option may be purchased for double the Player’s base Wager, or multiples thereof in the case of a Multi-Draw Wager, at the discretion of the Player.
- b. Prior to each Quick Draw drawing, a Multiplier number will be randomly selected and designated as the Multiplier number. The Multiplier number selected during each drawing is generated by a computer-driven random number generator.
- c. All Quick Draw Multiplier prizes may be reduced if claims exceed the available Quick Draw Multiplier Prize Fund.
- d. The Multiplier will be fixed at a minimum of one (1) and capped at a maximum of ten (10). The Multiplier will be drawn immediately prior to each Quick Draw drawing in a matter determined by the Director.
- e. The Multiplier minimum and maximum may be modified, and their frequencies may be redistributed, for promotional purposes at the discretion of the Director.
