Record-breaking Powerball Jackpot Split between California, Florida and Tennessee One New Jersey Ticketholder Wins \$2 Million and another Ticketholder Wins \$1 Million

TRENTON, N.J. (Jan. 14, 2016) – Millions of New Jersey players won millions of dollars in cash prizes resulting from the Wednesday, Jan. 13 drawing when three ticketholders from California, Florida and Tennessee lotteries split the world's record-breaking jackpot. Two lucky New Jersey Lottery ticketholders won the second prize, matching 5 white balls, making those tickets worth \$1,000,000 each. One of those ticketholders added the Powerplay multiplier making that ticket worth \$2,000,000! In addition, there were 46 third-prizewinners with tickets that matched 4 white balls.

"The Powerball® Group instituted game changes, with one of the goals being that more players will win significantly increased, non-jackpot prizes and offer better odds of winning those prizes," Carole Hedinger, New Jersey Lottery executive director said. "I'm pleased that with each game draw, New Jersey Lottery players benefited from those modifications. I am looking forward to meeting the latest New Jersey millionaires. "

The \$2,000,000 second-prizewinning ticket was purchased at WAWA #423, 76 Springside Rd., Westampton in Burlington County.

The \$1,000,000 second-prizewinning ticket was purchased at 7-Eleven #15560 (G), 171 Buckelew Ave., Jamesburg in Middlesex County.

The winning numbers for the Wednesday, Jan. 13 drawing were: 04, 08, 19, 27 and 34. The Red Power Ball number was 10. The Multiplier number was 02.

The final jackpot reached \$1,586,400,000 with a cash value of \$983,500,000. Each ticketholder will receive an estimated \$528,800,000. This was the 20th drawing since the most recent Powerball grand prize winner on November 4, 2015.
