## **Routine Workday Becomes a Million Dollar Pay Day** ***More Than \$3.1 MILLION Won by NJ Lottery Instant Games Players in June***

**TRENTON, N.J. – (July 12, 2016)** – General Practice Attorney, Rustam Nazrisho, turned a routine workday into an exciting adventure. Nazrisho travels from Brooklyn to New Jersey approximately once a month to see clients. While making his rounds, he stopped to fill up with gasoline at Linden Exxon, 9 W. St. George Ave., Linden in Union County. He decided to pick up a few instant games; his typical choice would be Win for Life. On this trip though, he chose a few different games, the \$20 All Cash Millions being one of them. He scratched the ticket inside the store and was shocked when he saw the \$1,000,000 prize listed three times across the bottom of the ticket. Although he remained calm, “the clerk freaked out,” upon seeing the ticket, Nazrisho said. On the drive home, he calmly called his wife to tell her the news. It took a few days for the excitement to build and the trip to Lottery headquarters confirmed the reality of the win. With three children, the money will help the family in many ways.

Mr. Nazrisho is in the company of thousands of fellow winners. For the month, New Jersey Lottery instant games players claimed more than \$105.5 million in cash prizes. Of those, there were 50 top-tier annuity prizes greater than \$10,000 claimed totaling more than \$3.14 million. The 2016 Fiscal Year instant games estimated prize total is more than \$1.26 billion dollars.

Carole Hedinger, New Jersey Lottery executive director said, “Congratulations to all of our top-prize winners and to the thousands of other instant games prizewinners throughout the state. “

New Jersey Lottery game revenue supports vital educational programs and institutions, tuition aid grants, school nutrition programs, veterans’ homes, and other beneficiaries across the state. A minimum of 30 percent of game revenue is contributed to the state on behalf of these recipients. In June, instant games sales generated an estimated \$32.2 million towards funding Lottery beneficiaries. For Fiscal Year 2016, instant tickets have generated an estimated \$382 million toward the funding of good causes. The chart below shows all of the paid top-tier prizes for the month and the stores from which they were sold.
